RESEARCH & PUBLICATIONS

Albert Einstein Medical Center

Clinical Research, Cardiology – Department of Medicine

(June 2008 to August 2008)

Investigated the incidence of gastrointestinal bleed in patients on aspirin and Plavix therapy within the Albert Einstein Healthcare Network. Assisted with poster presentation, American College of Gastroenterologists Annual Meeting in October 2009.

University of Tampa

Research Assistant, Laboratory of Rebecca Bellone, Ph.D.

(2004 to 2007)

Contributed to projects studying restriction fragment length polymorphisms as they relate to equine coat color and their effects on night blindness among Appaloosa horses. Learned and utilized the techniques of PCR, cell culture, and molecular gene cloning using plasmids.
